

## Heat the Modern Way

USE OIL AND SAVE TIME, LABOR AND MONEY

### The Oliver Oil-Gas Burner

That fits in any stove or furnace will do this for you and at a saving of from 10 to 20 per cent. over the old method.

Does away with dirty coal and wood.  
Makes any stove a Gas Stove.  
"Just turn a valve to cook or heat."  
All conveniences of city gas at less cost.  
Safest kind of heat.  
Steady, even heat—no smoke nor odor.  
Fits any stove—old or new.  
Easy to install—no damage to stove.

THE OLIVER OIL-GAS FURNACE BURNER  
Can be installed in any furnace—Steam—Hot Water—Hot Air—Pipless.

Does away entirely with dirty coal, wood and ashes and gives more heat than coal or wood could ever give.

For further particulars call or write  
**Oliver Oil-Gas Burner and Machine Co.**  
On demonstration at W. H. Conly's, 12 Portland St.

### Home-canned fruits and vegetables will taste better next winter!

To can BEETS  
The easy LORAIN way  
Clean, quick, 5 minutes. Cold dip. Remove skin. Pack whole, sliced or cubed. Fill jar with boiling water, adding 1 teaspoon salt for each quart. Put sealed rubbers in place, this home. Set LORAIN regulator at 210 degrees for 1 1/2 hours, unattended. Remove and seal when cold.

THE famous LORAIN Oven Heat Regulator has changed home canning methods—made it easy and always successful. Read the recipe. Isn't that an improvement over the old way?

No more standing over steaming kettles on a scorching stove, while the kitchen heats up far above the temperatures of a July day. LORAIN canning means resting on your cool veranda while LORAIN watches the job!

The results are far more delicious than you get by the old-fashioned way of canning on the top burners. Thousands of women use the LORAIN way and praise it enthusiastically.

May we show you the LORAIN-equipped gas ranges on our floor, and let you see and taste samples of LORAIN oven canning? There is a free booklet of recipes and suggestions which is yours for the asking. Get it now!

### LORAIN OVEN HEAT REGULATOR

The LORAIN Oven Heat Regulator is an attachment of gas range ovens. It automatically keeps your oven at just one of 44 different temperatures. Simply set the "red wheel" for any heat you want. Changes in gas pressure, etc., do not affect the oven temperature.

### RELIABLE GAS RANGES

The main front, top, and base, are unbreakable because made of "Angle iron" (durable and tempered steel). All enclosed sheet metal parts are of enameled iron. Reliable Angier gas ranges are built to American Gas Association specifications. You will like their modern features, and smooth, easily cleaned surface.

St. Johnsbury Gas Company

## COULD HARDLY STAND AT TIMES

### Hips, Back and Legs would Have That Tired Ache

Everett, Washington.—"For several years I have had trouble with the lowest part of my back and my hips and my legs would ache with that tired ache. I could hardly stand on my feet at times. I was always able to do my work although I did not feel good. I saw Lydia E. Pinkham's Vegetable Compound advertised and having heard several praise it I decided to try it. I feel first-rate at the present time. It has done wonders for me and I keep it in the house right along. I always recommend it to others who are sick and ailing." —Mrs. J. M. SIBBERT, 4032 High St., Everett, Washington.

To do any kind of work, or to play for that matter, is next to impossible if you are suffering from some form of female trouble. It may cause your back or your legs to ache, it may make you nervous and irritable. You may be able to keep up and around, but you do not feel good.

Lydia E. Pinkham's Vegetable Compound is a medicine for women. It is especially adapted to relieve the cause of the trouble and then these annoying pains, aches and "no good" feelings disappear.

### ST. JOHNSBURY Local News

Dr. W. G. Ricker's office will be closed until August 14. Mail and repairs may be sent to the Vermont Optical Company, St. Johnsbury.—Advertisement.
